Memo

The proceedings of the municipalities of Bangalore and Mysore Cities are now published under the Municipal Regulations, by which they are governed, but those of the municipalities in the remaining head quarters, except Shimoga where they are printed at the cost of the ~~Shim~~ town municipality, are submitted to Govt in manuscript for the information of Govt Dr now probably to the introduction of a uniform practice in the six head quarters municipalities, which are not governed by a special enactment, the Dy Comr was requested + to state why the present practice of printing proceedings of the municipality of Shimoga should not be discontinued in future as entailing unnecessary expenditure In reply to this query, the Dy Comr of Shimoga merely submits for information the following

There is already a Govt Proceedings on the printing of the Shimoga Boards resolutions &c. this is dated 1st March 1890. It would be hard to deprive the Board of the luxury of seeing their Proceedings in print after allowing them to do so for such a length of time. Financially too they are nearly twice as well off now as they were before. Hence I would suggest that we need not interfere with the unanimous resolution

the proceedings of the Municipal Board dated 29th June 1896 and does not offer his undivided opinion on the subject. Orders are solicited as to "whether the Dy Commr/ner asked to state his undivided opinion in the matter or whether the Dy Comr of Shimoga be asked to discontinue the existing practice of printing(?) or whether the opinions of the Dy Comr of the other Districts be asked to report ~~whether~~ if they consider it necessary to print the proceedings in their District Head quarter towns" as is now done at Shimoga In regard to the 2 alternatives I beg to submit that the opinions of the Dy Comrs were consulted in 1889 and the Govt decided that it was unnecessary to print them

" " "

Read Govt Order No 18137 dated 24/4/98 requesting to state why the present practice of printing the proceedings of the Board should not be discontinued in favour as it entails unnecessary expenditure

Proposed by Rao Bo Sundaram Iyer and seconded by Rattan Lazrat that the present practice of printing the Board Proceedings be continued as it will be convenient for reference

and distribution to members.

Mr Ginnappa proposed that the printing of the proceedings may be discontinued. This amendment was not seconded.

Carried unanimously by all the remaining members"

Read—Government Proceedings No. 7297—233, dated 13th December 1889, on the proposal to introduce Tolls into the Town of Shimoga in lieu of Octroi on certain articles.

Read—also Statements A, B, and C, (hereto appended) of revised calculations made according to the reduced rates* ordered by Government in para 6 of the above proceedings.

If the Octroi duty on all articles including piece goods is abolished as proposed by Government and the Toll system introduced in its stead according to the rates leviable in Mysore and Bangalore there will be a loss of Rs. 2,000 as shewn in statement B.

By retaining Octroi on cloth and levying Tolls at the rates ordered by Government there will be a profit of Rs. 1,485 as per details given in statement C.

*NOTE.—The rates for all carts are calculated at one uniform rate of 4 annas for laden and 2 annas for unladen carts whatever the number of bullocks or buffaloes yoked to them may be; but as carts with more than 2 bullocks carry larger weight in proportion to the number of additional bullocks yoked and as the wear and tear to the roads is greater, it is but fair that with every additional pair there should at least be an addition of 2 annas for laden and one anna for unladen carts. Differential rate for such carts is recognized and acted upon in the system of Tolls levied on the Ghaut roads.

Under these circumstances the Board are not prepared to give up Octroi on cloth.

The main object of the Board in proposing the introduction of "Tolls" was to secure an increase in the Municipal revenue whereas by giving up "Octróï" on cloth the revenue will suffer. The loss to revenue involved in giving up Octroi on cloth is too serious to permit of this source of income being abandoned. There cannot, in the opinion of the Board, be much inconvenience and abuse in drawing a distinction between carts carrying such an easily identificable articles as piece goods and carts carrying other goods, at any rate not so much as would be the case with articles capable of being mixed up with other goods.

Amongst the members now present there is one who deals extensively on cloth and the others also know something of this trade, and they do not apprehend any difficulty in treating carts carrying piece goods differently from carts carrying other goods. All the trading classes also were consulted and they were willing to have the "Toll" system in lieu of the "Octroi" except on cloth.

Under these circumstances it is unanimously resolved that the rates of Toll given in the Government proceedings above read be adopted with the modifications in note to Resolution No. I retaining Octroi duty on cloth, and that the sense of the Meeting be respectfully submitted to Government through the Deputy Commissioner for orders.

2. Read—Letter No. 5059, dated 6th December 1889, and docket No. 5177, dated 11th December 1889, and their accompaniments from the Chief Engineer to the address of the Deputy Commissioner as regards the proposed water supply project for Shimoga.

The Meeting fully concur in the views of the Chief Engineer therein expressed and unanimously recommend that this project be sanctioned early; and the Board beg again to convey their thanks to Government for its generous treatment of the Town of Shimoga.

3. Read—Resolution 7 of the Board's Proceedings, dated 17th October 1889, relative to the site by the side of Mr. Kerodi Rama Rao's house.

Resolved—that a Sub-Committee of the following gentlemen meet at the spot tomorrow morning and draw up final award definitely settling the matter once for all.

Mr. Sundram Iyer.	Mr. N. Lingappa.
„ Malhari Row.	„ G. Kadappa.

The President and Vice-President.

4. Read—Papers accompanying Shimoga Amildar's Itilla No. 175 dated 26th October 1889 and Resolution 8 of the Board's Proceedings dated 14th December 1889, anent Hebbendi Irappah's land lying to the North-West of the Tunga Bridge proposed to be taken with a view to a Musafarkhana and steps to the river being built on it.

It is resolved that the Deputy Commissioner be addressed with a view to his kindly obtaining this piece of land for the Board in due course

After receipt of intimation about the acquirement of the land the question of constructing the Musafarkana, &c., will be considered.

Towards this work a sum of Rs. 500 will be paid by the Municipality as contribution.

5. Read—Record ending with Shimoga Amildar's Itilla, No. 154 dated 8th October 1889, and also Resolution 5 of the Board's Proceedings dated 17th October 1889 regarding the application of Mr. T. Raghavendra Rao for a strip of land situated to the west of his Bungalow compound. Unanimously resolved—that the strip of land asked for be given to Mr. T. Raghavendra Rao on payment of the price at the rate previously paid by him for the piece of land in the vicinity, *viz.* Rs. 15 per acre.
